

IPA INTERNATIONAL PSYCHOGERIATRIC ASSOCIATION

European Regional Meeting

3-5 December 2014

Mental Health and Aging: European Perspectives on Care and Research

The International Psychogeriatric Association (IPA) will be holding its **2014 IPA European Regional Meeting in Brussels, Belgium, 3-5 December 2014**. IPA is the only international, multi-disciplinary association discussing the broad needs of old age mental health – from healthy aging to the diseases of the aged (dementia, depression, agitation, capacity, and more). IPA offers meetings that are essential opportunities for collaborating with colleagues with diverse backgrounds and many interests but with a common purpose... to improve the mental health of older people. This IPA regional meeting will focus on the issues of interest and concern in Europe within an international forum.

The 2014 Meeting will appeal to the entire healthcare team – psychiatrists, neurologists, geriatricians, primary care physicians, nurses, psychologists, social workers, occupational therapists and more. Plan to attend and benefit from connecting within the unique professional community that is IPA.

Key dates:

Abstracts submission deadline:

10 November 2014

extended for late breaking research – posters only

Early Registration deadline:

17 November 2014
